7. Bulk copies (10 minimum) of The Geoscience Handbook: AGI Data Sheets, 4th edition can be purchased for $34.97 per copy (retail $49.95) plus shipping.

8. Your department can receive a one-year bulk subscription to EARTH (15 copy minimum) for your students for $15.00 a student (restrictions apply). E-mail jr@earthmagazine.org for details.

Geoscience Handbook: AGI Data Sheets, 4th edition
The Handbook covers diverse subjects, from geophysics to geologic map symbols to GPS usage, and everything in between! Updated in 2006, The Geoscience Handbook is now a larger, but still portable, format for easier reading. The Handbook uses color photos when possible to better illustrate geology in the real world. New to this printing is the 2009 Geologic Timescale published by the Geological Society of America.

Directory of Geoscience Departments 2012 47th edition
The Directory of Geoscience Departments 47th Edition is the most comprehensive directory and source of information about geosciences departments and researchers available. It is an invaluable resource for individuals working in the geosciences or must identify or work with specialists on the issues of Earth, Environmental, and related science and engineering fields.

Glossary of Geology, Fifth Edition (revised)
AGI is proud to feature this Fifth REVISED edition of the Glossary of Geology. This indispensable reference tool contains nearly 40,000 entries, including 3,600 new terms and nearly 13,000 entries with revised definitions from the previous edition. The revisions represent both advances in scientific thought and changes in usage and they make this 800+ page hardbound a must for any earth science professional or student.
